# Craft your next chapter.

Nail technology + enterprise, taught in a working London studio.

BUILT FROM EXPERIENCE

## Meet Precious Adu

Founder of The Tech UK and practising nail technician. The Academy turns her own route into a pathway other young people can follow.

### The proposed pilot

12-15 learners, aged 16-24.
Proposed start: early 2027.
Format agreed with partners.

## One pathway. Four stages.

### 01 / Qualify

Technical training towards the VTCT Level 3 Diploma in Nail Technology, subject to centre approval.

### 02 / Earn

Pricing, branding, finding clients and the practical skills of running a business.

### 03 / Launch

Supervised client work, a portfolio, a costed price list and a booking system.

### 04 / Progress

Follow-up at 30, 90 and 180 days, with learner progress and outcomes tracked.

Qualification delivery is subject to VTCT centre approval. Pilot outcomes are not yet available.

# Three ways to partner.

A practical route for schools, colleges, councils and youth organisations.

## 01 Referral partnership

Refer young people to limited scholarship places, with no cost to the referring organisation. Availability and conditions are confirmed in writing.

## 02 Commissioned places

Indicative cost: **£1,250-£1,500 per learner**, excluding VAT where applicable. Includes tuition, kit, consumables, qualification registration, certification, assessment, the enterprise programme and reporting.

## 03 Delivery partnership

An arrangement within a college or provider's funding and subcontracting rules. Roles, delivery format and reporting are agreed before recruitment.

## Start a partnership conversation

A 30-minute conversation, followed by a written proposal and a pilot agreement.

**Visit the website to enquire →**

### Before an agreement

The Academy is preparing its VTCT centre application and does not hold a public funding contract. Prices, funding, format, safeguarding and delivery conditions must be confirmed before a partner agreement. This overview reflects the supplied draft programme information.
